Billie Heim – Night Prowler Guide Service

Late Summer / Early Fall Geneva Bass

William (but everyone calls him Billie) Heim of Night Prowler Guide Service has guided on Wisconsin's Geneva and Delavan Lakes in Walworth Co. as well as Big Green and Pewaukee since 1992. He is an experienced multi species guide and someone you should know if you want to learn how to fish these lakes year-round and day or night.

William was born in 1963 and grew up in Southeastern Wisconsin. His grandfather had him outside early in life and was hunting and fishing at age four. Heim recently became a full-time guide specializing in unique ways of teaching others how to adapt to the toughest conditions. He employs a specialty technique which is night fishing using black lights and florescent line making it easier to see while fishing in the dark.

Billie became well-known as the Night Prowler by running small night-time gatherings on Geneva back in the late '90's and early 2000's. Now. In addition to being a full-time guide Heim is a well-regarded tournament angler locally and has qualified for some national events.

Join us and listen to a special guy with unique and proven techniques, likely different from ones you have seen before.
