TOP OF THE LEADERBOARD FINISH:
FROM THE BACK OF THE BOAT

Garvens is the perfect example to demonstrate that fishing is a fun and rewarding experience regardless of whether you are on the front or the back of the boat. Whether it is the opportunity to learn a new technique by watching others or just a chance to try out a variety of boats; co-angling will definitely increase your fishing IQ and exposure to new ideas. However, fishing as a co-angler does require a certain skill set to be consistently effective.

Ben has been spending his springs, summers, and falls for the past two decades fishing the waters of South Eastern Wisconsin as a co-angler. He revealed some of his unusual techniques during a panel discussion last fall. At this meeting, Ben will be sharing many additional ideas and valuable techniques specific to fishing from the back of the boat to bring you success when you are the non-boater!

Club Meetings are on the 2nd Wednesday of each Month, March - November
