SMALLIES – ALL SEASON LONG

Bill Schultz lives in New Berlin and Sturgeon Bay, WI, and is a contributing writer for Badger Sportsman Magazine, Kayak Angler Magazine, www.lake-link.com, along with several other web sites.

Since catching his first smallmouth bass in 1994, Schultz has caught and released over 22,500. His focus has been on the big waters of Green Bay in and around Sturgeon Bay, along with rivers and streams throughout Wisconsin. Bill's popular talks at sports shows and fishing events have turned thousands onto the tremendous opportunities and excitement of fishing for smallmouth bass on lakes and rivers.

Catching and releasing smallmouth bass and sharing his recipe for success has become a passion for Schultz. Bill is on a variety of National Pro Staffs including St. Croix Rods, Mercury, Yar-Craft, Jackson Kayak, Malone Auto Racks/Trailers Bending Branches/Aqua-Bound Paddles, and Kalin's, plus over a dozen additional sponsors.

Bill will talk about his success catching smallmouth bass in Door County. He fishes for these beautiful brown fish from a kayak as well as a boat, and he also plans to share a few techniques and location of some favorite rivers and streams for smallmouth. Lately, Schultz has experienced excellent success with the Ned Rig so this will be a chance to learn more about this recent phenomenal method of catching smallies. We are looking forward to an exceptional presentation as Bill educates us on his successful smallmouth tactics which should translate to our Geneva Lake pursuits. Please arrive on time as Bill might speak a bit earlier in the program than our typical agenda.
