**Rick Fry –
Champion Tournament Angler
TOURNAMENT BASS TECHNIQUES –
INCREASE YOUR ARTIFICIAL LURE
SUCCESS ON GENEVA**

Rick Fry has been a successful tournament bass fisherman on Geneva for many years. To name just a few achievements – in 2018 Rick and his partner Travis Alcock had several top ten finishes in the very competitive U.S. Angler's Choice tournaments on Geneva, including two firsts and one second-place finishes. Fry and Alcock were the overall season long winners in 2017 with two first-place finishes.

Fry will be talking about how to succeed when you must fish no matter the conditions and the adjustments he makes to fit those conditions and finish the day with five big fish. Many of us fall back on live bait options when Geneva bass get finicky. But remember that tournament fishermen must use only artificial lures. Rick will be giving us his tips on developing a successful pattern for the day to put big bass in the boat.

Many of you remember Rick as a Master Mechanic at Cabela's and most recently as the Marine Service Manager at Cabela's Michigan and Hoffman Estates locations. Rick has now moved on to Yamaha Outboards as a District Service Manager/Trainer for several Midwest states.

Come prepared to ask lots of questions to help you trigger those big bass on Geneva. And if you need some advice on your boat and outboard maintenance and performance Rick will be more than pleased to answer those too.
