

The Lake Geneva Fishing Club is dedicated to promoting sport fishing for all species on Geneva Lake. We also encourage kids to fish, and the club sponsors an annual Kids Free Fishing Day as described on our Kids Day page. The club has outings throughout the open water season, including a "Learn the Lake Outing" for

newer members or those not familiar with this body of water. At the monthly meetings, we feature speakers that include veteran members, popular fishing guides, electronics experts, or other industry professionals.

Tuesday, August 13 – 4:30 PM

August Meeting Only – Date and Location Change

Big Foot Archers, Inc. | N960 Hillside Drive

Lake Geneva, WI. 53147

Club members will be fishing on Geneva during the day. To help ensure success during our outing we will be joined for the day by well-known Geneva guide, artist, and videographer Jim Tostrud of Wildlife Visions. Jim will be leading the fishing report discussion at our meeting following meal. This is our annual weekday *Day On The Lake* outing that we use to learn from one another. A large group of us are fishing the same lake at the same time which allows members, and their guests, to learn from one another. Each boat provides a report for the day describing their success (and struggles). We learn what species were biting in terms of when, where, and what tactics and tackle were successful. Guests are encouraged to join us at the meeting to learn from our fishing reports. Learn more about Tostrud at wildlifevisions.net or his Facebook page.

Illinois Club Meetings are on the 2nd Wednesdays – March to November
