Andrew Ragas

Northwoods Bass Fishing Adventures
SPRING AND SUMMER SMALLMOUTH IN
NORTHERN WISCONSIN

Andrew Ragas splits time between the Chicago area and Wisconsin's Northwoods. Based in Minocqua, WI, he specializes in trophy bass fishing and offers guided trips from May thru October. Northwoods Bass Fishing Adventures, LLC is Wisconsin's top trophy producing bass fishing guide service and bass fishing informational resource, and the only of its kind focusing on the inland waters, specializing exclusively on one single species, with emphasis on seminar styled learning and angling approach. His goal is to educate, promote and conserve the resource, and help you succeed. Located in Minocqua, Wisconsin, Andrew Ragas fishes the waters of Vilas, Oneida, Iron and Forest Counties and each of their major communities exclusively for trophy bass and looks forward to hosting you. He may be visited online at northwoodsbase.com.

While big bass is the passion, he dabbles in multi-species as well. Besides his seasonal guiding, he is a frequent writer and columnist with *MidWest Outdoors Magazine* and specializes on the subjects of bass fishing, fishing trips and destinations, and other multi-species subjects. Additionally, in the fishing world, he enjoys collaborating with his partner brands through brand ambassador memberships where product development, promotion, and marketing are his tasks.

Uniquely, Ragas also has a desk job like everyone else, but one that allows him to work year-round in between all the fishing he does. He is a self-employed small business owner, specializing in website design, web marketing, and web management solutions. Working from his desk and remotely, he works on website design projects and online marketing with clients of all industries throughout the country that includes outdoor brands, corporations, television shows and media entities, healthcare, professional services, and more. His business website can be visited at ragasmedia.com.

We are fortunate to have Andrew speak for us in March while he is located in the Chicago area during the winter. He will be heading to the Minocqua region in the first week of May to prepare for the Wisconsin opener. Andrew's presentation will teach us how to take advantage of the diverse fishery in the Wisconsin Northwoods – where to locate and catch trophy smallmouth bass during spring and summer. If you plan a trip to the Northwoods this year, you need to see this seminar; if you haven't planned a trip there you will, and book Ragas as your guide, after watching him speak.

Illinois Club Meetings are on the 2nd Wednesdays 6:00 PM
