BIG GREEN LAKE SMALLMOUTH BASS

DUE TO COVID-19, CHECK LAKEGENEVAFISHINGCLUB.COM FOR FREQUENT UPDATES ABOUT OUR EVENTS. WE MIGHT NOT BE ABLE TO SERVE FOOD, WE MIGHT ALSO NEED TO MEET VIA ZOOM.

As one of the Midwest's top fishing guides, Mike Norris exceeds his customer expectations when on the water. Mike guides out of a comfortable 20' deep hull Ranger fiberglass boat powered by 225 HP Mercury Outboard. You can expect to catch quantities of smallmouth bass during a guide trip, but don't be surprised to also find a few walleye and northern pike on the end of your line. While on the water, Norris teaches his customers how he finds and locates the best fish using his Humminbird 2-D, Down Scan and Side Imaging sonars paired with a Minn Kota Ulterra trolling motor. Mike's extensive knowledge of seasonal fish locations and use of productive lures to find the biggest and best fish makes his guide trips popular with his customers.

Whether you're interested in trying out fishing for the first time or are a skilled angler, Wacky Worm Guide Service will place you on fish with the rods and reels, best fishing lures and know how it takes to catch them.

Mike supplies his customers with industry leading Grandt Rods, Diawa Reels, Seagaur Line and a host of productive fish catching lures. Whether a beginning angler or a seasoned veteran, you will be pleased you booked your guide trip with Mike Norris. Mike accommodates one to four anglers per trip. All you need to bring is your hat, sunglasses, sunscreen, seasonal clothing, a current Wisconsin fishing license and most importantly, a camera to photograph the quality fish you will catch!

Learn more about Norris and his guide service at comecatchsmallmouth.com or his Facebook page at facebook.com/mike.norris.7773.

Mike will be educating us on how to tackle Big Green Lake for smallmouth bass throughout the seasons. Big Green is a tremendous fishery in many ways similar to our Geneva Lake but yet in many ways a bit different. Norris will also be able to answer questions about the other species available on Big Green. Mike is an excellent presenter and coupled with the valuable information about Big Green this promises to be a great evening for our members and guests.
