Club Member Dave Floberg:

***Live Bait Presentations –
Largemouth & Smallmouth Bass***

Long-time member Dave Floberg has won the Lake Geneva Fishing Club *Angler of the Year* multiple times, is a Past President of the club, and an avid live bait angler for bass on Geneva. Floberg is also well-known for helping new members of the club that are not familiar with Geneva. He willingly assists those who need more information, or a desire to learn new techniques that catch bass on

Geneva. Dave insists on putting them in his boat and takes off to Geneva to teach them some of his methods to catch both smallmouth and largemouth bass as well as other species on Geneva's deep clear water that can be challenging for most and a mystery to those who have not fished the lake very often.

Floberg has also been very involved over the years with many club activities and steps up to volunteer for any event whether it is helping at our annual Kids Day, working at the club's booth at local fishing shows, volunteering to work on projects at the Geneva Lake Conservancy where the club participates in that organization's Kids Fishing Park, simply stepping up to help with regular meeting activities, etc.

Dave has honed his skills to use many different live bait tactics to catch bass on Geneva throughout the open water season. Whether you are targeting numbers or trophies he can help you learn some tricks you might not have thought to use. Floberg will be sharing how he uses different types of live bait to target both smallmouth and largemouth whether the fish are shallow by the docks, in the weeds, or out on deeper structure and cover... and he might even give out a couple of his artificial tactics that you would not think to use on Geneva.
