William (Billy) Heim

Nightproowler Guide Service

ARTIFICIAL & LIVE BAIT SPRING STRATEGIES FOR GENEVA LAKE

William "Billy" Heim started Night Prowler Guide Service in 1992 as a part time service that taught people the joys of night fishing on Geneva Lake. In 2016, Billy began guiding both day and night, targeting multi species year-round. He also guides ice fishing clients. As a result of his time on the water, he has become one of Geneva's most notable guides. Heim also occasionally fishes Big Green Lake.

After running some informal night fishing contest on Geneva, Heim began a professional tournament career several years ago with Anglers Choice Tournament Trail, as well as other circuits, fishing Geneva and surrounding bodies of water. He experienced success on the Angler's Choice Tournament Trail finishing in the top three overall several times and most recently, a first-place finish in the 2021 Anglers Choice - Team of the Year. William also qualified for multiple end-of-season national championships.

Billy specializes in unique ways of teaching others how to adapt to the toughest conditions on Geneva. With the walleye population growing on Geneva, William developed both daytime and nighttime techniques to catch this elusive species on Geneva's clear water. You also might want to book him for through the ice Lake Trout next winter. William's presentation for this meeting will focus on both artificial and live bait presentations for springtime bass on Geneva. To learn more about Heim, check him out on Facebook.

Wednesday, March 9th at 6:00 PM
