CARL KAUFMANN – EXPERT ANGLER

TECHNIQUES FOR A SPRINGTIME TRANSITION

Carl Kaufmann has been fishing Geneva and Delavan since the 70's both guiding and for pleasure. He has been known for his seminar speaking skills for many years. Kaufmann won multiple Club Championships at his fishing club – Walleyes Unlimited USA (a multi-species fishing club) as well as many club tournaments both locally and on the Great Lakes. Carl is known as one of the top guides for local waters although he is winding down that portion of his fishing and spending most of his time on the water fishing for pleasure and sharing a few of his secrets with friends.

Many of us have witnessed his amazing ability to get on a body of water and break down what is happening that day and then figuring out how to find and catch fish.

We are honored that Kaufmann agreed to share his knowledge with our club this month. He will be showing us many techniques, focusing on the spring transition period, on how to find trophy fish on local waters like Delavan and Geneva plus big waters like Door County and Lake Michigan. This will be a rare treat for our members as well as many expected guests.
