Captain Louie Dazzo –

Louie's Get Hooked Guide Service

TARGETING GENEVA'S WALLEYES: SPRING AND SUMMER

Louie Dazzo is a licensed charter captain and fully insured fishing guide in the state of Wisconsin. He specializes in multi-species fishing on both Geneva and Delavan Lakes. He has turned a lifelong passion for the outdoors into a commitment to providing premier fishing experiences on the beautiful, crystal-clear waters of Geneva. Specializing in the diverse fishery that this iconic lake offers, I pride myself on having the patterns dialed in, whether we are targeting trophy-sized smallmouth bass, hard-fighting northern pike, big bluegills or tasty walleye. He also guides in the Hayward Wisconsin area, and on Lake

Michigan for salmon and trout. Dazzo's daily, year-round operation — which includes specialized ice fishing trips in the winter — focuses on education, safety, and ensuring my guests have an action-packed, memorable, and fun day on the water.

Louie's approach to guiding is centered on precision, employing top-tier electronics and high-quality gear to maximize your chances of success. From light tackle finesse fishing deep water walleyes. Breaking down highly pressured fish. I adapt to changing conditions and tailor every trip to the experience level of my anglers, welcoming everyone from seasoned veterans to families looking for a fun day out. As a passionate steward of the local fishery, my goal is not just to get you "hooked up," but to provide a deeper understanding of Lake Geneva's unique ecosystem and to ensure you walk away with stories that last a lifetime. You can learn more at facebook.com/TheMultiAngler/ or fishingbooker.com/charters/view/24941.

This presentation will focus upon the growing interest in walleye opportunities. Louie will be presenting his strategies and techniques for targeting the resurgence of walleyes on Geneva. And he'll also be willing to answer our bass or other species questions.
