

Wednesday, October 14th 6:00 PM
Warren Zaren – Tournament Bass Angler
New Clear Water Bass Techniques –
Dice Baits (Conceptual forerunner of
Coikes or Urchins) & Free Rigging

Warren Zaren has been fishing in Open Bass Tournaments in Wisconsin for over 40 years. He has been honored with winning 10 Team events, including the 2023 WABTA Big Green Open. Warren is on the Mercury Pro Team, Lund Pro Staff, M-W Marine Pro Team, and a member of the National Professional Anglers Association. His research has been published in the In-Fisherman Magazine and other publications. Before retirement from his full-time occupation, he worked in Research/Development and Engineering for a Wisconsin Top Manufacturer company.

In recent years Warren has been fishing bass tournaments out west on many deep clear water lakes where many new baits and techniques are born. He learned tactics from fishing these lakes that will apply to Geneva. In fact, he will be returning from an event on Lake Mead a couple days prior to this meeting.

Zarren brings an analytical, common sense, approach to his seminars. This seminar will include Dice baits, the forerunner to Urchin and Coike baits that are winning big time bass tournaments, and Free Rigging an alternative to Texas rigging as well as other new tactics that are catching fish out west.

Wednesday, November 18th – 6:00 PM

Note: one week later than our normal schedule
